

The Theoretical and Computational Biophysics Group at UIUC and
The National Center for Multiscale Modeling of Biological Systems (MMBioS)
invite you to a

“Hands-on” Workshop on Computational Biophysics

Workshop Instructors:

Ivet Bahar (University of Pittsburgh)

Emad Tajkhorshid (UIUC)

João Ribeiro (UIUC)

DATE: May 21 –25, 2018

LOCATION: Pittsburgh Supercomputing Center, Pittsburgh, PA

FOCUS: This workshop will cover a wide range of physical models and computational approaches for the simulation of biological systems including **NAMD**, **VMD**, and **ProDy**

Who should attend: The workshop is designed for students and researchers in computational and/or biophysical fields who seek to extend their research skills to include computational and theoretical expertise, as well as other researchers interested in theoretical and computational biophysics.

Application deadline: April 15, 2018

<https://www.mmbios.org/hands-on-workshop-on-computational-biophysics-2018>

Due to space constraints, the workshop will be limited to 25 participants. Please contact mmbios-workshops@psc.edu for any questions.
